Title: NCUA Call Report

Form: NCUA Form 5300.

Type of Review: Revision of a currently approved collection.

Abstract: Sections 106 and 202 of the Federal Credit Union Act require federally insured credit unions to make financial reports to the NCUA. Section 741.5 prescribes the method in which federally insured credit unions must submit this information to NCUA. NCUA Form 5300, Call Report, is used to file quarterly financial and statistical data through NCUA's online portal, CUOnline.

The financial and statistical information is essential to NCUA in carrying out its responsibility for supervising federal credit unions. The information also enables NCUA to monitor all federally insured credit unions with National Credit Union Share Insurance Fund (NCUSIF) insured share accounts.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated No. of Respondents: 5,031.

Estimated No. of Responses per Respondent: 4.

Estimated Total Annual Responses: 20,124.

Estimated Burden Hours per Response: 4.

Estimated Total Annual Burden Hours: 80,049.

Reason for Change: The Call Report is being restructured to streamline the schedules, retire obsolete account codes, and accommodate the Risk-Based Capital Ratio Calculation schedule. Revisions are attributed to adding schedules for Off-Balance Sheet Exposures and the Risk-

Based Capital Ratio Calculation. Adjustments have been made to the number of respondents due to the decline in the number of federally insured credit unions, which has averaged approximately one percent per quarter.

REQUEST FOR COMMENTS: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.
